

# Cloud & Data Centre

## IT That Just Works - Wherever You Need It

We manage your on-prem, hybrid, and cloud environments so seamlessly, your team won't even notice them. Whether it's about keeping your data secure or making sure everything runs like clockwork, we've got it covered. Our expert team is always monitoring, protecting, and optimising, so you can focus on what you do best.

## What to Expect

### Managed Solutions

Let us handle your hosting, platforms, and storage - our platform engineering team takes care of it all, freeing you up to focus on what matters most. With us on the job, you can enjoy not talking about IT.

### Proactive Monitoring

Our 24/7 proactive monitoring means we're already on it before issues even think about happening. We keep everything running smoothly so you can stay in the flow.

### Seamless Migrations

From initial planning to full migration, we like to call them smooth moves to the cloud. Every transition is controlled, tested, and fuss-free, thanks to our change management approach.

### Data Covered

Your data is everything, and we make sure it's always safe. If something goes wrong, we've already got a backup ready to roll, restoring everything to just the way it was.

### Green IT

We choose suppliers who lead the way in eco-friendly solutions, - they let us scale your resources up or down based on your actual needs, so you're only paying for what you use. Efficient for your budget, and better for the planet.

## Included as Standard

### Cyber Security

With built-in antivirus and SIEM solutions, your platforms are as secure as they are efficient. We're always monitoring and improving our defences, so you don't have to worry about cyber threats.

### Service Management

Every customer gets a dedicated service manager who provides full transparency about service performance, efficient incident resolution and continuous improvement.

## Your Outcomes

### Reduced Downtime

Quick incident responses mean fewer interruptions, while our smooth change management keeps transitions and upgrades seamless, ensuring your business stays on track.

### Happier Employees

Your people get the apps they need, whenever they need them, thanks to our resilient, always-monitored systems. No downtime, no delays – just IT that works, so your team can to

### Improved Stability

With our proactive monitoring and hassle-free migrations, we keep your platforms steady and reliable - so IT won't slow you down.

### Costs Controlled

We keep an eye on your cloud costs, ensuring there's no surprise fees and that every penny is well spent. Regular reviews keep your costs optimised, so the cloud stays as efficient as possible.

## Ideal for Your Business

### Hybrid Cloud Solutions

Using both on-prem and cloud services? We make sure everything integrates smoothly and runs at peak performance, all handled through smart service management.

### Locked-Down Hosting

Need secure hosting for sensitive data? Our top-notch security measures, backed by strong service management, keep your information safe and sound.

### Your Growing

Let's Get You to the Cloud. We manage the whole process, ensuring a smooth, hassle-free migration with minimal disruptions, thanks to our change management expertise.
